Industry Leadership

As pioneers in the field of surgical disposables, Ashwin Surgicals has set industry standards for quality and reliability. Our unwavering commitment to excellence has earned us a leading position in the market.

As we continue to grow and evolve, Ashwin Surgicals remains steadfast in its mission to provide high-quality surgical disposables that contribute to the advancement of healthcare delivery and patient outcomes. We are committed to serving our clients with integrity, professionalism, and excellence.

KEY HIGHLIGHTS

Frontiers in Covid-19 Response

During the Covid-19 pandemic, Ashwin Surgicals played a pivotal role in providing essential medical supplies to frontline healthcare workers and facilities. Our rapid response and supply chain capabilities helped meet the urgent demands for critical equipment during these challenging times.

Product Portfolio

Ashwin Surgicals offers a comprehensive range of surgical disposables, including surgical gowns, drapes, kits, dressings, instruments, and equipment. Our products are designed and manufactured with precision to ensure optimal performance and patient safety.

ISO Certification

We are proud to be an ISO 9001:2015 and ISO 13485:2016 certified company, demonstrating our dedication to maintaining the highest quality management systems and meeting international standards.

Esteemed Clients

We are privileged to serve some of the most renowned healthcare institutions in the region, including Sri Ramachandra Medical College, Kauvery Hospital, Christian Medical College (CMC), KMCH (Koval Medical Center and Hospital), Ganga Hospital, and many others. Our strong relationships with these esteemed clients reflect their trust in our products and services.

Continuous Innovation

We are committed to innovation and continuous improvement in all aspects of our operations. Our dedicated research and development team works tirelessly to develop new products and enhance existing ones, keeping pace with the latest advancements in medical technology.

Customer Satisfaction

At Ashwin Surgicals, customer satisfaction is our top priority. We strive to understand the unique needs of each client and provide customized solutions that exceed their expectations. Our responsive customer service team ensures seamless communication and support throughout the client's journey.

SURGICAL DISPOSABLE MANUFACTURER

ASHWIN SURGICALS

Surgical Gowns & Aprons

ASHWIN
SURGICALS

Surgical Gowns & Aprons

Sterile Surgical Gowns

- Designed to maintain a sterile field during surgical procedures.
- Made from materials that resist liquid penetration and maintain a sterile environment.
- Designed for single-use and easy disposal after each procedure.
- Provides a cost-effective and hygienic solution.

Non-Sterile Surgical Gowns

- Intended for use in non-sterile environments.
- Suitable for minor surgical procedures where a sterile environment is not a primary concern.

Reinforced Surgical Gowns

- Feature reinforcement in critical areas, such as the chest and sleeves.
- Provide additional protection during high-fluid procedures.

Wrap Around Surgical Gowns

Wrap around surgical gowns, also known as wrap-around gowns or non-reinforced surgical gowns, are a specific type of surgical attire designed to provide essential coverage and protection during medical procedures. These gowns are characterized by their open-back design and are secured by wrapping the gown around the wearer's body and tying it at the back

Wrap-Around Reinforced Surgical Gowns

Wrap-around reinforced surgical gowns are specialized medical gowns designed to provide enhanced protection during surgical procedures, particularly those with a higher risk of fluid exposure. These gowns feature reinforced areas strategically placed in critical zones to ensure optimal safety for health-care professionals

Surgical Patient Gowns

- Gowns designed for patients to wear during surgical procedures.
- Ensures modesty and comfort for patients while maintaining access for medical staff.

Isolation Gowns:

- Designed for basic protection during routine care, examinations, and low-risk procedures.
- Typically made of lightweight and breathable materials.

Visitors Gown

Disposable visitors' gowns serve as an essential component in maintaining a hygienic and safe environment in healthcare facilities. These gowns are specifically designed for individuals visiting patients in hospitals, clinics, or other healthcare settings. They offer a convenient and effective solution to prevent the transfer of contaminants between visitors and patients.

Chemotherapy Gowns

- Specifically designed to provide protection during chemotherapy administration.
- Made from materials resistant to the penetration of hazardous drugs.
